- Scheduling

Project Highlights:

Phase 4: 30,000 SF addition and renovation, including adding 2 locker room spaces and a new movement studio and renovating 2 gyms, a workout room, a weight room and a trainers' room. Phase 2: a multi-million dollar renovation and new construction project on an occupied campus that included a 40,000 SF renovation of existing upper classrooms and art studio spaces, adding 45,000 SF of new lower school classrooms, and new lower school playground. The back field was converted to artificial turf field.
