

New York Avenue Presbyterian Church Washington, DC

Architect: RTKL Associates Inc.

General Contractor: Grunley Construction

PM Services Provided:

- Oversee Design and Construction
- Contract Bids and Negotiation
- Budgeting
- Scheduling

Project Highlights:

The New York Avenue Presbyterian Church project entailed a \$1 million exterior façade renovation and a \$3 million mechanical upgrade to this prominent downtown DC church. This included architectural lighting, façade cleaning, window replacement, and complete mechanical systems upgrade throughout the church all while the facility remained open and operational.
