

## Mercersburg Academy Mercersburg, PA

**Architect:** Bowie Gridley Architects

**General Contractor:** Rockwell Construction

**PM Services Provided:**

- Oversee Design, Construction, and FF&E
- Contract Bids and Negotiation
- Budgeting and Scheduling

**Project Highlights:**

Campus Master Plan, Main Hall renovation, multiple dorm renovations and faculty additions, gymnasium addition and renovation, racquet ball and squash court renovations, athletic field renovation, and greenhouse renovation on an occupied campus. One highlight was the 65,000 SF construction of the Burgin Center Performing Arts building, which received the 2006 AIA Excellence in Design Award in central Pennsylvania.

*"JFW has made Mercersburg extremely successful in their endeavors to guide our renovation projects. Very few times in one's life do you encounter the right cause, people, commitment and finances to pull off what our school has completed. If more people could direct their energies to collaborative efforts, checking their egos and agendas at the door, the world would be a truly better place. Thanks for all you do for our school."*

**John K. Prentiss**  
Mercersburg Academy, Board of Regents
